ULTIMATE PROTECTIVE PACKAGING FOR YOUR FRAGILE, VALUABLE AND IMPORTANT GOODS.

BUBL WRAPPING

Perfect protection for difficult to pack items of all shapes and sizes. BUBL Wrapping folds and wraps around your product to cover and protect it in a cushion of air. The air BUBL is much larger than standard bubble wrap and is made from much thicker and more durable plastic, so you only need a single layer, it is virtually un - burstable.

BUBL Wrapping is supplied in un - inflated rolls, saving significant warehouse storage space; you only inflate as required – manually using a compressed air supply, or automatically using our Auto Inflation Machine. BUBL Wrapping is manufactured with serrated strips to make it easy to tear off the right amount – no cutting or sharp knives required

BUBL TEC CUSTOM PACKAGING SOLUTIONS

Underpinning all our products is our core technology, BUBL Tec, with which we can quickly create and brand custom BUBL Bags for specific products.

BUBL PACKAGING

Transit damage affects 1 in 14 of all on – line purchases.

Our packaging provides maximum protection for your products and we have solutions for everything from mobile phones and TVs to rare wines and antiques – with everything in between.

Our products replace cardboard boxes, padded envelopes, void – fill and bubble wrap; they are simple and quick to use, dramatically reducing packing time compared to traditional packaging (typically by more than three quarters) – and dramatically reducing cost.

BUBL Packaging is environmentally friendly; all materials used are recyclable and most of our products are reusable.

Put simply, with BUBL Packaging transit damage is effectively eliminated and you save time and money – without harming the environment.

ABOUT US

BUBL Packaging was formed, as BUBL Bag, in 2015 to provide better protection for goods in transit; since then the company has grown significantly and several new product lines have been introduced, creating packaging solutions for virtually every product type.

Our vision is to lead the way in packaging that provides highly effective protection for valuable and fragile goods, and that is recyclable, reusable and sustainable.

CONTACT DETAILS

VALUABLE FRAGILE IMPORTANT

“ On one project I have a lot of kitchen air fryers with glass bowls, so for packing it's perfect to keep the glass safe away from the edge of the box and from couriers throwing them around.

We also find it far better and quicker than bubble wrap and the boys love it! ”
